Melbah jemilin vibina M

Abinayavalli M

The screenshot shows the IBM Cloud dashboard for user Abinayavalli M. The interface includes a top navigation bar with the IBM Cloud logo, a search bar, and links to Catalog, Manage, and the user's account. The main content area is titled "Dashboard" and features a "For you" section with several recommended actions: "Build" (Explore IBM Cloud with this selection of easy starter tutorials and services), "Get Started with Watson Studio" (Get started with using AI and Cloud Object Storage in 15 minutes), "Get started with machine learning + Watson Studio" (Build, run and manage AI models. Prepare data and build models anywhere using open source code or visual modeling. Predict and optimize your outcomes.), "Build a web app with Watson Speech to Text" (Deploy a conversational interface compatible with any application, device, or channel.), "Use Speech to Text" (Easily convert the human voice into the written word for voice control, transcription, etc. with Speech to Text.), and "Use Te..." (Convert natural variety voices...). Below this, there are sections for "User access" (Manage users), "News" (TrustRadius Best Software: Five IBM Offerings to Make the List), and "Planned maintenance" (View all). The bottom of the screen shows a Windows taskbar with various application icons and the system clock indicating 10:19 AM on 11/3/2022.

Abinisha B

The screenshot shows the IBM Cloud dashboard for user Abinisha B. The interface is similar to the one above, with a top navigation bar and a "Dashboard" section. The "For you" section recommends actions such as "Build" (Explore IBM Cloud with this selection of easy starter tutorials and services), "Monitor your resources" (Get visibility into the performance and health of your resources.), "Watson starter kits" (Generate cloud-native apps that get you started with popular Watson cloud services, including Watson Assistant.), "Use Watson Studio" (Watson Studio provides a suite of tools and a collaborative environment for data scientists, developers and domain experts.), "Get started with machine learning + Watson Studio" (Build, run and manage AI models. Prepare data and build models anywhere using open source code or visual modeling. Predict and optimize your outcomes.), and "Deploy" (With K... you can scale c... applica...). Below this, there are sections for "User access" (Manage users), "News" (TrustRadius Best Software: Five IBM Offerings to Make the List), and "Planned maintenance" (View all). The bottom of the screen shows a Windows taskbar with various application icons and the system clock indicating 10:06 AM on 11/3/2022.
